## Principal's Report

Dear Parents and Families,

It was lovely to see so many parents and grandparents come to school last **Wednesday** morning, watch assembly then be served a delicious morning tea by the students, while the adults could have a chat. Our Wednesday cuppas will be on again tomorrow, so if you have the time, your children and I will be delighted to see you.

Last week's awards went to **Adam Horner, Jessica Rixon and Alicia Engler** for thinking of others and behaving accordingly, well done!

Yesterday Mrs Murray cleverly cooked two cakes that looked like cells, one plant and one animal cell. She called a "Brain Break" during the morning so all

the students could pop the labelled flags into the correct part of the cakes, I mean cells. When we all learnt what each part of the cell did we could eat some cake and yes it was delicious! Thanks, Larissa.

**Drum Beat** started with a bang last Wednesday and the older children took to it like a duck to water, so look forward to another great performance at the end of the year.

Last week Larissa Murray and myself attended some professional learning held at Orbost Primary. In response to the Department's request for us to teach Digital coding to students next

year, we were enlightened with a program called "Scratch" which teaches students how to program computers using a number of skills, such as geometry, logical and creative thinking and a number of problem solving skills. I believe the students will love the challenge this program presents and will equip them well for the future.

Attached to this week's Razzle is the Parent Survey. Please fill this out honestly and return it to the Office as soon as possible as this provides us with valuable information and helps us to plan ahead and make changes where we need them.

Take care in the wild winds.

Cheers,
